

Monthly Township Update December 2022

We need your feedback! Curbside Trash & Recycling Survey

Liberty Township is considering creating a consortium for curbside trash and recycling service community-wide in collaboration with West Chester Township. This move would result in primarily one provider for trash and recycling in the township and is expected to provide added service at reduced cost per property owner in both communities. Please complete this [survey](#) to provide feedback on this possible collaboration. This survey is

designed to gather feedback from Liberty Township residents only. For more background or to view the joint work session held with West Chester Township last week, click [here](#).
